

# Five Ways in Which the AEC Could Help Your Church

- 1.** Invite us to facilitate an Education Evening in your church – in which everyone involved in teaching and nurturing others, whether they are paid to do so, or do it voluntarily – gets together to encourage one another and enhance the quality of education in the parish.
- 2.** Invite us to conduct some seminars or workshops for your Sunday school teachers or your voluntary SRE teachers or the professional teachers in your congregation.
- 3.** Invite us to address your congregation on the vocation of teaching – and the vocation of supporting teachers.
- 4.** Invite us to lead a think tank on how the implementation of the Diocesan Education Policy can transform parish life.
- 5.** Invite us to talk to your Parish Council about educational audits.
